Messrs. A. M. BININGER & Co. Messrs. A. M. Bininger & Co.

Gentlemen: I purchased, as you requested, a bottle of your "Old London Dock Gin," as sold in the steres of this city, and have made chemical analysis of this sample. It contains 42 per cent. of absolute alcohol, with odor and flavor of Juniper berries only.

On evaporation to entire dryness, this Gin is ound to contain 1 42 100 outces of saccharine matter per gallon and this residual matter contained nothing else.

There is no adulterating ingredients or injurious matter of any kind in this Gin, and it contains the intrinsic mer its of a pure article.

NATHANIEL HARRIS, M. D.

The House of A. M. BININGER & CO., 19 Broad Street, New York, have furnished quite a large proportion of the Liquors and Wines sold by the Town Agents in this Coun-ty for the past year, and the Liquors and Wines so fur-nished have been pure and unadulterated and have given good satisfaction. In accordance with the Laws in relation here o, I would recommend said House to all who de sire a pure article for Medicinal, Mechanical, or Chemi-cal purposes. HORATIO NEEDHAM,
